

anise stool 45 | design brian steendijk | 110509-1

Anise stool adds spice to your life with its vibrant, expressive form. Inspired by nature's own creation the star anise, the Anise stool immortalizes this unique form in this beautifully shaped stool. Suited to both indoor and outdoor environments with a design that allows the stool to self drain, Anise is made from durable polyethylene, a recyclable and UV resistant plastic.
