

Reminiscent of a flowing Spanish skirt, *Camela* which comes from the Spanish name meaning 'gardenland' is an elegant yet dynamic planting solution. The is available in two sizes, allowing for versatile arrangements. Adding to its versatility, the skirt of the *Camela* 1140mm high planter provides the perfect perch for passers-by to lean against as they take a rest from their shopping or wait to meet a friend. A specialised self-watering system ensures plants enjoy extended life and beauty, and look their best for longer. Suited to both indoor and outdoor environments *Camela* is made from durable polyethylene, a recyclable and UV resistant plastic, available in a range of colours.
